

CURLMIX®

Fresh

**DEAR CURLMIXER®,**

CurlMix® Fresh are limited edition kits that contain 3 - 4 new products, released monthly.

These are exclusive, never-before-seen products with high-quality natural and organic ingredients. These products won't be released as CurlMix® Mainstays. Subscribe to CurlMix® Fresh to make sure you're the first in line each month!

# HONEY HYDRATION KIT

## HOW TO USE

### Honey Hydration Shampoo

Completely saturate your hair with water. Apply shampoo to your hands, rub together and apply to scalp. Massage with your fingertips. Rinse well. Repeat up to 1x if necessary.

### Honey Hydration Mud Mask

Apply on clean & damp, or clean & wet hair. Evenly distribute mask throughout your hair for maximum hydration. Once hair is fully coated, you can either leave as is or cover your head with a plastic cap. Leave in for 15-20 minutes and rinse. Honey Hydration Mud Mask may be applied once a week or as needed.

### Honey Hydration Refresher Spray

To reactivate curls, fluff hair with fingers while spraying evenly on dry, styled hair. Allow to air dry.

## Ingredients
